

BULLET PROOF JACKETS

Model RE - BP 06

Reliance RE- BP 06 provides wide range of high technology Body Protective Garments to choose from both Soft and Hard Armour to provide total and assured body protection against Bullets fired from Pistol, Revolver, Carbine and High Velocity SLR and Artillery Shells as also against all kinds of fragements caused due to explosion of Improvised Explosive Devices(IED).

Special Features

- Bullet proof jackets are made to conform with the test procedure of NIJ-STD of U.S.A.
- Ballistic Armour testing is sophisticated task, requiring specialised expertise. It can also be dangerous. The body armour you purchase should NEVER (repeat) NEVER be shot at without adequate as otherwise personal injury may result.
- For the protection to be used, depends upon the type of weapons used to. Commit crimes and those being confiscated in your area should be considered.
- Body protection Soft Armour using Aramid Fabric (BP steel, Twaron, Spectra, Dynema and Zylon), spans a wide Kelvar, range of protection levels and is available in numerous outer cover material and camouflage pattern.
- Be sure to buy only as much protection as you are willing to wear all the times.
